Some questions of buyers:

1. EU buyer:why your price is higher than before? how can i get it without tax?

-Due to new EU VAT policy executed from July 1 2021, all of orders will be charged tax when buyers make payment.

if you want to get free tax, please select "China delivery" option, it will remove the tax on your payment page.

when we get your payment, actually we ship the machines to you from our EU warehouse, shipping time will be 6-8 days, NO tax to your door.

EU buyer: I agree to pay the tax, but i want to get the invoice for our company, how can i get it?

-If you are a company buyer, please select "France or Poland delivery" option, so it will include tax, after you finish payment, you can download the invoice from your side aliexpress, the invoice will show you the tax.

Win10 software problem please click following link to get Lcmv2 for Windows 10:
