2. USB

Independent driver for each axis,
Speedy heat dissipation,
Longer service life,
Stable and efficient signal transmission,
Higher accuracy

250mm

180mm

Larger frame in width,
heavier and more stable,
higher accuracy

USB port

LPT port

USB connection, Win7 supported,
way better than LPT connection

Stainless steel water tank,
Better quality,
Good-looking,
Longer service life
