

HY-3040 Small Homemade 5 Axis CNC Milling Machine for Sale

Easy operating because:

- Integrated high-speed micro computer intelligent control chip.
- With external digital LCD monitor and handwheel controller.
- The working process can be tracked, recorded in the digital LCD monitor automatically.
- Mach 3 software
- Built in frequency converter and without controller box.

Higher precision because:

- Cross slippery platform design rather than gantry design.
- Aluminum base sheet is heavy which can make sure no vibration when work.
- With auto-checking function.
- 1500w/2200W water-cooled spindle for your selection.
- Ball screw.

You can buy this HY-3040 Small Homemade 5 Axis CNC Milling Machine

- CE approved.
- Video support.
- English manual available.
- Mach 3 software send with the machine as a CD.
- Can engrave material which hardness below 45.
- From reliable & trustable profesional China CNC Router manufacturer.
- Original Mach 3 software can be provided.
- New USB interface can be added (compatible with Mach 3 software)

HY-3040 Small Homemade 5 Axis CNC Milling Machine parameters	
product dimension	715(H)*700(L)*610(W) mm
effective work area	300*400*150mm
precision ballscrew	1605
XYZ rail material	hard chrome shaft
XY rail diameter	20mm
Z rail diameter	16mm
XYZ axis torque	57*78 250 OZ/IN (2.2N/CM)
4th and 5th	57*56
4th and 5th transmission ratio	1:6

repeat positioning accuracy	0.01mm
working precision	0.02mm
processing speed	0-4000 mm/min
A-axis B-axis rotation speed	0-180 rpm/min
XY table maximum load	50kg
XY+A+B axis table maximum load	15kg
tailgate material	stainless steel
switching power supply	integrated 24V 350W
spindle power	1500W/ 2200W water-cooled frequency spindle
input power	220V/ 110V power supply
output current	drive 4.5A (peak 5A)
collet size	3/3.175/6mm if need others change into ER11 first
high efficiency water pump	55W, 46.6L /Min
drive motor	57*78 stepper motors (two-phase 4 wire)
engraving material	Metal,Brass, Acrylic, Wood, Aluminum, Stainless Steel
	(hardness less then 45 degree)
support computer system	windowXP/ window 7
how to connect with computer	25 pin parallel port
software	MACH3 3.04
net weight	50kg
packing	wooden box
outside packing	78*66*82 (cm)
weight	96kg

04 Applications

ChinaCCzone

This HY-3040 **Small Homemade 5 Axis CNC Milling Machine** can be widely used to engrave wood, acrylic, brass, aluminum, PVC, PCB and so on.

Ball screw high precision

USB Cable

05 Factory Tour

ChinaCNCzone

ChinaCNCzone team always welcome customers from all over the world to visit our factory, and let us provide the best different models [mini CNC routers](#) for users together.

QA Inspection Area

Mechanical Assembly Area

Machine Commissioning Area

Finish Products Area

Packaging Area

Always be imitated, never be surmounted.

We all use well-designed professional aluminum to manufacture the machine. Almost all of the structural member are extruded by a dedicated mold. The production of large quantities so that we have a strong price competitiveness. Professional mold and materials so that our quality has been stable protection.

ChinaCNCzone, engrave your colorful life!
